Unit 22   Practice Problems

Write the following percentages as fractions. (reduce)		
1) 80%	2) $89\frac{1}{2}$%	3) 110%
4) 33.3%	5) 1%	6) 70%

Write the following percentages as decimals.		
7) 80%	8) $89\frac{1}{2}$%	9) 110%
10) 33.3%	11) 1%	12) 70%

13) Arrange the numbers in the first column in ascending order (low to high). Arrange the numbers in the second column in descending order (high to low). **One way to do this problem is to change all numbers to decimals.**

Part A	Ascending	Part B	Descending
55%		175%	
0		12/10	
.2		115/100	
48%		.7	
.0001		.67	
1%		2/3	
.5		1.8	
1/101		99%	

14) In the table below, write an equivalent fraction, decimal, or percentage in the space provided. When you finish, each row should contain equal values.

Fraction	Decimal	Percent
1/4		
	0.3	
		40%
3/4		
	.99	
		100%
	1.5	
10/1
